

The ABC Doubles Down on proZionist Bias.

14mar2024

Here's what happened in reality today: *An Israeli strike has killed five Palestinians and injured 22 after it hit a UN aid distribution centre in Rafah.*

<https://youtu.be/tYkzj2ntb5o>

And here's the story according to the ABC:

<https://www.abc.net.au/news/2024-03-14/israelis-buying-guns-and-carrying-weapons-in-public-foreign/103572200>

Israel's daily slaughter-toll is no longer even news, front page or otherwise, according to the ABC, but the "feelings" of Israelis are making the headlines. The ABC's blatant censorship of Antoinette Lattouf is no longer news, but platforming the views of Israeli war criminals is, posing behind a disingenuous and self-congratulatory mask of "asking tough questions."

<https://iview.abc.net.au/video/NC2403H004500>

Astonishingly, the ABC are now completely allied with the Murdoch media's Zionist agenda:

<https://youtu.be/gXSP8B97-bY>

So for example, the email from the unnamed Zionist lawyers to the head of the ABC which led to Lattouf's sacking is judged to be inadmissible as evidence in her case, because as always, injustice hides itself in the shadows. Do bogans like you or I even have David Anderson's email address? Of course not. He hasn't got time to listen to actual Australians. He's a busy man. But the agents of the Zionist entity setting the agenda for Australian media? No worries! "How high do you want me to jump, master?"

<https://www.abc.net.au/news/2024-02-26/antoinette-lattouf-files-second-legal-case-with-federal-court/103513466>

<https://www.abc.net.au/news/2024-02-16/antoinette-lattouf-fair-work-commission-documents-abc/103478712>

<https://www.abc.net.au/news/2024-03-08/abc-antoinette-lattouf-complaints-fair-work-commission/103565418>

<https://www.abc.net.au/news/2024-01-31/abc-managing-director-says-lattouf-sacking-has-not-hurt-trust/103407544>

And yet the ABC has the unmitigated gall to inform us that the ABC "still has the trust" of the Australian people, as if that were reporting and not naïve wishful self-interested thinking. No it does not! The ABC has lost touch with truth, justice and integrity in the news media and my trust in it is a bin fire. How can one not wonder, what else have they misled me about, without my realising it? The ABC's actions are a reminder that when big money talks, the populace must shut up and listen. This is a flagrant breach of the ABC's charter which demands impartiality, and an important step in the development of will to power amongst the rich and powerful few, whose aim is to dictate the news rather than to report it. The ABC have never had an Arabic speaking reporter even in the West Bank, let alone in Gaza letting us know [what is happening on the ground there](#), only their junior reporters safely

ensconced in Jerusalem, cutting their journalistic teeth by conveying the latest propaganda from the Israeli military, and learning the main lesson, that conformity is the name of the game when it comes to corporate career success. Yet [even tourists can see what's going on, and show us what the ABC ignores.](#)

Meanwhile, the Australian government has handed a Zionist organization \$25million of Australian taxpayer's money, without in any way giving voice to the important [anti-Zionist Jewish voices here in Australia:](#)

<https://www.abc.net.au/news/2024-03-15/muslim-communities-unhappy-over-social-cohesion-grants/103589888>

The ludicrous hypocrisy of saying that this money is being spent on "social cohesion" drives home the reality of the situation: the rich get privileged access to power while the poor get to shut up and suffer. This handout to promote [the Zionist cause](#) in Australia ironically does exactly the opposite of its espoused aim, damaging social cohesion, and fostering the suspicion that the Zionist lobby is working very hard and very successfully behind the scenes to fight Israel's worldwide war against openness, honesty, democracy and justice here in Australia, manipulating the media narrative in order to assert control over public opinion. In other words, a foreign power is asserting an undue influence over Australian domestic affairs. But you can bet ASIO won't be investigating that one. They will focus solely upon sinophobic concerns that Chinese spies are infiltrating Australia.

<https://www.abc.net.au/news/2024-03-01/asio-boss-says-former-politician-sold-out-their/103529098>

Let's not mince our words: the ABC is fighting in this war on Israel's side. The bias is blatant, shameless and bold-faced. While even the BBC are beginning to address the problem of their own bias (<https://youtu.be/l5awMemBGfE>), their parochial offspring in the colonies are digging their heels in and working overtime as the local branch of Likud's propaganda wing. What we don't see is any coverage, or even mention, of the important [anti-Zionist Jewish voices](#), such as these:

The ABC really are in wartime propaganda mode, no exaggeration. [The Yemenis have now struck American and Israeli warships in the Indian Ocean](#) with long range ballistic missiles in retaliation for the Australian-supported ongoing US bombings of Yemen, and against the ongoing Israeli onslaught against Gaza. Meanwhile, dozens of Gazan civilians are being bombed in their homes or gunned down while waiting in food queues in massacres being [perpetrated every single day](#) by the IDF. Now here's the astonishing thing: the ABC have reported none of the above, but instead offer up [more and more legitimating platforming of the Israeli perspective](#). Unbelievable. Blatant. Shameless. [They're not even reporting what's happening in Tel Aviv](#).

So obviously deliberate are the omissions that [some have called it an obscene denial of reality](#). This boldfaced collusion in the deliberate concealment of ongoing massacres is breathtaking. Running interviews with a genocidal [war criminal](#) as if he's a world leader deserving of respect! Here: Dimitri Lascaris (a Canadian tourist with a smartphone) can [show you how its done](#). Dimitri Lascaris does on a shoestring what you can't (or won't) even with all your millions of taxpayer's money: simple facts from a pacifist there on the ground who is not waging war, so the Australian people can judge for themselves given a clear view of the events occurring.

The ABC have shown their hand to an extent that shocks even an anti-antisemite like me, and have uncritically taken an idealised Israel's side on behalf of all Australians in a war we have no place taking part in -- thereby taking sides against Australian neutrality and autonomy itself, promoting division, escalating conflict, and serving the interests of a foreign power at the cost of the cohesion of Australian society. Wow. Good one Aunty.

Al Jazeera: "Israel launched new attacks on the Gaza Strip, killing at least 14 Palestinians in southern Rafah and another eight in northern Jabalia."

New York Times: "Food Experts Predict Imminent Famine in Northern Gaza"

ABC: *silence* (shrugs its shoulders, turns its back)

20mar24.

Al Jazeera: "Israeli bombardment throughout Gaza kills dozens of Palestinians – Israeli attack on family home in Gaza City kills 15 people – Death toll from Israeli air strike on al Nuseirat refugee camp rises to 27 – Dozens executed during [Israeli assault on the al-Shifa Hospital](#) in Gaza City: Al Jazeera journalist Ismail al-Ghoul detained and beaten by the IDF, who take 300 hostages.

New York Times: "Benjamin Netanyahu Rebuffs U.S. and Readies Rafah Invasion Plan: The Israeli leader brushed aside President Biden's opposition to a planned ground invasion of the city in Gaza, saying that his government would press ahead."

ABC: NOTHING.

Al Jazeera update on the Israeli siege at al-Shifa Hospital in Gaza City:

- Thirteen patients died at the facility after the Israeli army deprived them of medicine, oxygen, and food.
- Of the 13, four people on ventilators in intensive care died after Israeli troops cut off the electricity supply at the hospital.
- In addition to arresting doctors and nurses and removing them, medical staff were forced to take off their clothes and prevented from entering patients' rooms to try to save them.

And even this is not the worst of what Israel has done at al-Shifa:

Meanwhile, a group of 100 Australian lawyers have referred Albanese to the ICC for complicity in genocide

<https://www.aa.com.tr/en/asia-pacific/accessory-to-genocide-australian-premier-albanese-referred-to-icc-over-gaza/3155598>

– but no reporting from the ABC about this, nor any further news on the Antoinette Lattouf case, which is in fact developing...

https://youtu.be/6_Vd0MtZhSI

ABC ran this story:

<https://abc.net.au/news/children-slowly-starve-to-death-gaza/103599730>

a kind of rehash of this story from one month previous (23feb24):

<https://www.abc.net.au/news/2024-02-23/the-desperate-search-for-food-in-gaza/103489876>

These reports on starvation in Gaza incredibly manage to cast doubt on the idea that Israel is deliberately using starvation as a weapon of war, and in textbook pieces of uncritical idealism, imply that we are "unable to stop it," sticking carefully to the passive voice when reporting on Palestinian deaths. You have to wonder how Allyson Horn is actually spending her days in Jerusalem at the Australian taxpayer's expense, coming up with an occasional human-interest piece, filing one report every few weeks, relaying the latest Israeli propaganda. Even I (doing this in my spare time while juggling two other jobs and running a family) can come up with more information than she does.

Meanwhile, even the UK now admits that Israel is using starvation as a weapon of war:

Sunday 24mar24.

Today, many tens of thousands of people rallied in the Melbourne CBD in support of Palestine. If you look at this video from the 25 to 35 minute mark,

<https://www.facebook.com/FreePalestineMelbourne/videos/774796664580537>

you can see just how large the turnout was: perhaps as many as 100,000 people were there on the street. Did the ABC report this in any way? No they did not: nothing in print, nothing on the radio, nothing on television.

<https://www.abc.net.au/news/2024-03-23/vic-protesters-clash-with-police-outside-victorian-parliament/103624208>

Instead, Sunday evening's TV news bulletin reported on a protest held the previous day, in which a small handful of feminist protestors faced off against some trans rights activists, in a protest which involved perhaps 100 people in total. It is blatant, shameless bias, and utterly outrageous, that the ABC would devote a national news report to the activities of this tiny minority (which ended in violence) while completely ignoring many thousands more Australians peacefully protesting. There are two possible explanations for this. Either the ABC is saying that they will only report on issues they agree with (feminism, yes; Gaza protest, no); or they are saying they will only report on protests which turn violent, which is a truly appalling message to send. Either way, the message is shocking, and yet another sad indictment on the ABC, who are doubling down time and time again on their Zionist anti-Palestinian bias, day after day, week in, week out.

Thank the Gods for the Greens.

Anyway, here's the exact amounts of US military aid to Israel, direct from the horse's mouth:

<https://www.cfr.org/article/us-aid-israel-four-charts>

With the three billion dollars in so-called "aid" it has received in the past year from the USA (money which must be spent on military equipment purchased from the US), Israel has bought the 30,000 bombs it has dropped on Gaza – on average, one bomb each for the 30,000 Palestinians they have killed. In other words, on average, each time Israel kills a Palestinian, [one of these US companies](#) makes \$100,000.

And by the way, ABC, this is what real investigative journalism looks like:
